Methodology

The 2022 Top 75 Companies application includes more than 200 questions on pertinent topics, including female representation at all levels, but it focuses on the corporate officer and profit-and-loss leadership ranks. The application, based on 2021 data, tracks and examines how many employees have access to programs and policies that promote the advancement of women, and how many female employees take advantage of them, as well as how companies train managers to help women advance.

To be considered, companies must have a minimum of two women on their boards of directors and at least 500 US employees. The full list of this year's winners can be found [here](#).

Kimberly-Clark's inclusion in the 2022 Top 75 Companies for Executive Women list builds on the company's recent recognition as one of JUST Capital's 2022 100 Most JUST Companies, one of Ethisphere's 2022 World's Most Ethical Companies, and one of Forbes' 2021 World's Best Employers. The company was also named one of the 2022 Best Places to Work for LGBTQ+ Equality by the Human Rights Campaign Foundation.
